

BULLIS charter school
A CALIFORNIA K - 8 PUBLIC SCHOOL

Our Mission

Bullis Charter School offers a collaborative, experiential learning environment that emphasizes individual student growth. As a model of educational innovation, BCS inspires children, faculty and staff to reach beyond themselves to achieve full potential. Using a global perspective to teach about the interconnectedness of communities and their environments, the Bullis Charter School program nurtures mutual respect, civic responsibility, and a life-long love of learning.

Associate Teacher Program

The Bullis Charter School (BCS) Associate Teacher Program is a unique professional opportunity for educators who seek a collaborative environment that focuses on the whole child. The program is designed to support early career teachers in gaining experience and expertise while immersed in BCS's distinct teaching and learning culture.

As fully-credentialed teachers that work with classroom teachers to provide differentiated learning opportunities for students, Associate Teachers (ATs) are integral members of the BCS staff. ATs benefit from mentorship and coaching from experienced teachers and administrators as well as professional development opportunities alongside the rest of our diverse staff.

Apply Today!

We are currently hiring Associate Teachers for the present school year. We are also hiring for the 2017-2018 school year.

Visit our website at BullisCharterSchool.com/Employment to learn more and apply.

Who Are BCS Teachers?

At BCS, every student is taught by dynamic, highly-qualified teachers in all of the core subject areas, as well as in STEAM, art, drama, music, PE and world language. The entire staff receives over two weeks paid professional development throughout the year. By investing in our staff, we are able to attract and retain great teachers whose collaboration and innovation have made BCS a top performing school in the state.

BCS teachers collaboratively created a performance-based compensation model that reflects their commitment to personal excellence and the school's mission. BCS teachers are lifelong learners who are dedicated to growing as professionals and inspiring all students to reach their full potential.

Hear From Our Teachers

Jessica Morgan

Currently: 5th Grade Teacher

Years at BCS: 8

"As an Associate Teacher, I got to work alongside three fantastic teachers who all took slightly different approaches to classroom management, instruction, and workload management. Working with them, I built a HUGE arsenal of teaching tools that I later integrated into my own classroom."

Laurie Dingler

Currently: 3rd Grade Teacher

Years at BCS: 3

"I joined BCS as an AT because of the opportunity to further develop my skills and experience as an educator. The program was a great way to bridge the gap between a teacher preparation program and fully running my own classroom."

Joseph Villaluz

Currently: 5th Grade Teacher

Years at BCS: 4

"I love how the Associate Teacher program is designed to help new teachers foster and develop their teaching skills. I also enjoy how my voice and ideas as an AT were recognized by my colleagues. This made a significant difference in helping build the confidence I needed to take on a homeroom position of my own."

Amanda Marino

Currently: 4th Grade Teacher

Years at BCS: 6

"I learned so much during my AT year. From an outside perspective, it may seem a bit much to have an entire year to get used to a school, but it really is necessary. BCS has so many wonderful individualized, unique, and specific practices, programs, and expectations that it's really beneficial to be immersed in them for a year before you have to do it yourself as a homeroom teacher. I'm so grateful to have had the chance to get to know the culture of the school so thoroughly."

Debra Burke

Currently: Physical Education Teacher

Years at BCS: 5

"From the time I joined BCS as an Associate Teacher, I have always been supported to grow as a professional. I love that I've been able to take on new leadership roles within the school as my passions have evolved."
